What's New In Puzzle Creator?

The Opera web browser contains a widget called "Opera Puzzle Creator". "Opera Puzzle Creator" allows you to create jigsaw puzzles by inputting a image's address. Just input the URL, how many columns and rows of pieces you want and the size of the image and the Opera Widget can create a puzzle from your image. To use this feature, 1. Add the widget by clicking "More Widgets" from the Opera Bar and clicking "Opera Puzzle Creator" from the resulting list of widgets. 2. Resize your web browser, by dragging its side, and input the URL to input the image address to create the puzzle. To create a puzzle from a photo of your own, create a photo, click the "Input" button, and input the URL of your photo. 3. Browse the puzzles you've already created and find your favorites. To do this, click the puzzle you want to bookmark. To cancel the process, hit the "cancel" button. To get a larger version of the puzzle, click the title of the puzzle you want. To get a smaller version of the puzzle, drag the puzzle's left sidebar to make the puzzle smaller. Then, drag the puzzle's right sidebar to make it larger.
