"HyperMotion is a brand new game engine in FIFA 22, which is a significant upgrade to the game engine in FIFA 20, and it allows us to build higher-fidelity, more responsive and reactive gameplay. FIFA's movement system is critical to delivering an authentic football experience and FIFA 22 delivers the most realistic and responsive gameplay yet," said Michael Wehrheim, senior game director at EA SPORTS. New FIFA Social Features FIFA 22 introduces new social features across platforms including the FIFA Ultimate Team (FUT), EA SPORTS Football Club and the FIFA app. FIFA Ultimate Team (FUT) FIFA 22 will have a completely re-imagined FUT experience, which is built on the same foundation as FIFA 21. Global Manager on FUT was a limited-time trial for FIFA 21, where users were allowed to get to know the brand and its most exciting and engaging features. Global Manager is now a permanent fixture in FUT, where players can manage the details of their individual player card and create their dream squad. FUT is also deeply connected to the FIFA 22 FIFA Ultimate League, where top players from across the world will compete for the title of FIFA Ultimate League World Champion. EA SPORTS Football Club FIFA 22 will offer a deeper connection to the FIFA Club World Cup, which comes to a close in November. The FIFA Club World Cup is a separate competition that pits the world's best club teams against each other in a new global FIFA club competition. FIFA is the largest sporting competition to ever come out of the FIFA Club World Cup. With the real-life clubs powering the game, the competition not only delivers a top-class football competition but also a great football spectacle. EA SPORTS Football Club is where fans can compete against each other in FIFA Ultimate Leagues and play with millions of other players from around the world. EA SPORTS Football Club gives players the chance to play online or offline with their friends and local community - wherever they are. FIFA App The FIFA app is the key tool for FIFA Ultimate League (FUT), a new global club competition where top players across the world come together to challenge for the title of FIFA Ultimate League World Champion. The FIFA app is a social network through which fans can play FIFA Ultimate League, stream player live matches or enjoy player and

Features

- New matchmaking, right from single-player
- FIFA Ultimate Team
- New turf wasslipper technology (Tackling is improved)
- FIFA 22 introduces "HyperMotion Technology" which uses motion capture data collected from FIFA players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power gameplay. THE NEW HYPERMOTION FEATURES IN FIFA 22 INCLUDE:
 - Movement-Based Controls: Using data supplied through sensor-laden suits worn by the players, AI manages the style, intensity and speed of each player's movement throughout the pitch, according to their individual attributes.
 - Skills Definition: AI learns how every player performs for a specific situation, and this new AI data is applied to all future skill set cards in Career Mode. The accuracy of the AI when determining player attributes during gameplay will help players become more astute on the pitch, and will improve the performance of players which have repetitive skill set cards.
 - Player Roles: Every player's personality and performance are reflected in Career Mode. AI is personalized to the player's attributes and player role.

What's new in Fifa 22:

- **Brand New Experience. The new and unparalleled game design, engine and gameplay deliver an experience that is like nothing you've ever played before.**
- **Unlock Every Player. WELCOME THE EVERYDAY MANAGER.**
- **New Space-Saving Mastery - The Cutscenes have been redesigned to be more about more about response, and also add a new function for kick-off. We've made this game more about entertainment, not less - instead of showing an opponent's ball, you'll see how you'd react and respond, and you'll even have the customisation to change your pass and foul logic.**
