**Portable Internet Explorer 8 V 8.0.6001 Rar ((LINK))**

December 06, 2008 - V.8.0.6001 (portable). This is the second public beta version of Internet Explorer 8. It includes many improvements... V.8.0.6001.rar.html. Download. After the advent of Windows Vista, many browser vendors rushed to create new products in an attempt to keep up with the new browser standard, which began to develop very actively with the release of the second edition of the HTML specification, as well as the advent of HTML5 and CSS3. Fortunately, Microsoft was also on the alert and
